Profile

A highly motivated and dedicated student seeking an opportunity to apply and expand my knowledge and skills in a professional setting. Committed to delivering exceptional results, I am eager to contribute to a team-oriented environment while gaining practical experience and further developing my abilities.

Work Experience

09/2023 – present

Game Tester PlaytestCloud

- Conducted rigorous testing and identified software bugs to ensure optimal game functionality and user experience.
- Collaborated with development teams to provide feedback and suggestions for improvements, resulting in enhanced game features and performance.
- Developed and executed comprehensive test plans, including functional, regression, and compatibility testing, to ensure game stability across multiple platforms.
- Documented and communicated detailed test results and issues to stakeholders, enabling timely resolution and successful game launches.

07/2021 – present

Pc Builder Freelance

- Constructed and assembled custom PCs by meticulously selecting and installing hardware components such as motherboards, CPUs, RAM, and graphics cards, ensuring optimal performance and compatibility.
- Collaborated with clients to understand their unique computing needs and provided expert advice on selecting appropriate hardware and software solutions for their desired specifications and budget.
- Diagnosed and resolved complex hardware and software issues, utilizing advanced troubleshooting techniques to ensure timely and efficient problem resolution.
- Conducted thorough testing and quality assurance checks on completed builds, ensuring all components were functioning properly and meeting industry standards, resulting in high customer satisfaction and minimal return rates.
